## Greetings Current and Future Wolverine Families,

As we gear up for the 2025-2026 season, I want to take a moment to express my heartfelt gratitude to the incredible people who have worked tirelessly behind the scenes to shape the Wolverines into the thriving hockey program we are today. Your dedication and passion have made this journey possible.

What began as a simple request from a few high school girls looking for extra ice time has evolved into one of the leading girls' travel hockey programs in the Southeast. In just three short years, the Wolverines have built a reputation for providing high-quality travel hockey while remaining committed to affordability and ensuring that more girls across Middle Tennessee and beyond have the opportunity to **PLAY**.

Looking ahead to the 2025-2026 season, we're excited to expand our program by offering teams for players ages 8 to 19, continuing our participation in the rapidly growing **Central Girls Hockey League (CGHL)** as a founding member, and increasing our community impact through volunteer initiatives and outreach programs.

Whether it's on the ice, in a parade, or giving back to the community, we are **MORE EXCITED** than ever to share this upcoming season with you and your family.

We hope you'll join us for another **FUN** and amazing year of Wolverine hockey!

**See you at the rink!**

**Ethan Burau**

Hockey Director, Tennessee Wolverines

The **Tennessee Wolverines** are a **Nashville-based nonprofit** dedicated to developing a **fun, competitive, and affordable** girls' travel hockey program. Sanctioned by the **Southern Amateur Hockey Association** under **USA Hockey's Southeast District**, our *mission* is to *remove barriers that prevent girls from participating in ice hockey while fostering a love for the game.*

Beyond hockey, the Wolverines instill core values such as **hard work, teamwork, and respect**, helping our student-athletes grow both on and off the ice. Our program offers a variety of opportunities, from learn-to-skate and introductory hockey sessions to advanced skill development programs tailored to help players reach their full potential.

## WHAT SETS THE WOLVERINES APART?

- **Competitive & Affordable**  
We provide a high-quality travel hockey experience while keeping costs manageable.
- **Community-Focused**  
Our players give back through monthly volunteer initiatives and local events.
- **Skill Development**  
We offer on-ice training, off-ice conditioning, and specialty clinics to help players grow.

“

*“We chose the Wolverines because the organization cares about the development of the girls, not just on the ice, but also off the ice. The team leaders create a positive environment for every girl at every skill level.”*

*-Emily & Brian, parents of a 19U Wolverine*

”

The **Tennessee Wolverines** were founded in 2022 by a group of determined female hockey players from the **Brentwood Academy** Junior Varsity team. This group of girls simply wanted “more ice”. Through the relentless recruiting efforts of the original members and teaming up with members of the **Harpeth Hall** Junior Varsity team, the first Wolverines group was formed with 26 members.

Over the next two seasons, the Tennessee Wolverines cultivated an inclusive environment that welcomes and encourages all developing female hockey players to PLAY.

As a result, local girls' interest in hockey has grown rapidly since its inception!

To help keep the costs lower for our families, the Wolverines aim to keep the bulk of their travel destinations within driving distances. Along with playing most of their games on Saturdays and Sundays ONLY to keep the total amount of school missed by our players to a minimum throughout the hockey season.

“

*“The Wolverines have been such a welcoming community and we couldn’t have asked for a better experience. We have been so pleased with how Marley has grown on and off the ice. If you want your daughter’s confidence to grow, have her play for the Wolverines!” -Kelly Kimsey, parent*
